- ¹ Health Questionnaire and Physical Measurements may be substituted for a Paramedical.
- ² We will accept another company's exam form as part of our routine medical requirements. However, for clients ages 80 and older, we will also require EITHER a completed John Hancock Medical Exam (April 2005 version) OR the other company's exam plus Nation's CareLink's Cognitive and Mobility Assessment (which must be completed by Nation's CareLink).

IMPORTANT NOTES

Requirements are based on the amount applied for and placed with John Hancock within the last 12 months. If an individual and survivorship policy are applied for, requirements are based on the amount applied for under the individual policy plus half the amount applied for under the survivorship policy.

If one life is uninsurable on a survivorship case, evidence for the uninsurable life is based on the full amount applied for under the survivorship case and only a Health Questionnaire is required on the uninsurable life.

Additional underwriting requirements such as chest xrays, treadmills, PFTs or cognitive assessment may be required by the underwriter due to the Proposed Insured's medical history, or circumstances of a case or facultative reinsurance.

Requirements do not apply to COLI or LTC. For more information on COLI, call our New Business department at 1-800-505-9427, option 2 and ask for an underwriter. Requirements for stand alone LTC coverage are according to the LTC routine underwriting requirements.
